SUBJECT: Parks and Recreation Commission Incident Report #04-01 Does Not Merit Review

Pursuant to RCW 43.41.370 and the Guidelines for Reporting Incidents, the Washington State Parks and Recreation Commission reported to the Office of Financial Management (OFM) that on July 18, 2003, a child drowned at Nolte State Park.

RCW 43.41.370(1) requires the Director of OFM to appoint a loss prevention review team when the death of a person, serious injury to a person, or other substantial loss is alleged or suspected to be caused at least in part by the actions of a state agency, unless the Director in his discretion decides that the incident "does not merit review". Applying the criteria for loss prevention reviews issued November 18, 2002, I have determined that despite the significance of the loss, this incident does not merit review by the loss prevention review team program. The report that was completed by the local Sheriff's Office provides background on the circumstances surrounding the incident.

This decision will be posted on the OFM website. If you have any questions about the criteria or their application to this incident, please contact either Matthew Krieger at (360) 902-0585 or Gary Robinson at (360) 902-0528.
